Education

Mewar University **2025 – 2029**
B.Tech in Computer Science and Engineering
Semester SGPA: 8.5 (Semester 1) | 9.3 (Semester 2)

Technical Skills

Languages: C, C++, Python, JavaScript, SQL
Frontend: HTML, CSS
Backend: Flask
Databases: SQLite, MySQL
Tools: Git, GitHub, VS Code, Google Sheets
Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (currently learning)

Technical Projects

Weather App HTML, CSS, JavaScript
Weather Application

– Built a responsive web app to search city weather and display temperature, conditions, humidity, and wind speed.
– Integrated the OpenWeatherMap API with weather icons, loading/error messages, and current-location lookup.
– GitHub Repository

MU Hostels – Hostel Management System Python, Flask, SQLite, JavaScript
Hostel management Progressive Web App project

– Developing a hostel support system for maintenance complaints, reference IDs, tracking, and complaint history.
– Added Lost & Found, Notice Board, Mess Menu, and hostel analytics modules backed by SQLite.
– Implemented owner/warden authentication, warden approval, role-based access, and complaint photo attachments.
– Added mobile-responsive UI and offline page; currently built locally and not deployed.

Achievements

• **MU Hackathon 2026, Mewar University:** Shortlisted among the Top 5 teams in the finals.

Additional Information

Languages: English, Hindi | **Target:** Software Development Internships
